MoW Educational project for international students

The story of written words through tools and methods

NAME :

MoW

NoW Journey Book

나의 기록을 남긴다면 어떤 이야기를 남기고 싶나요?
깃펜과 잉크를 활용하여 한글과 라틴문자를 연습해보고,
양피지에 자신의 기록을 남겨보세요.

이 기록책에 쓰여진 한글은 조선시대 최초로 한글로 쓰여진
불교서적 『석보상절』의 <석보상절체>가 사용되었고,
라틴문자는 세계에서 가장 오래된 신약성서 『코덱스
시나이티쿠스』의 <언설체>가 사용되었습니다.

If you were to write your story, what would you like
to record? Let's practice writing Hangeul and the
Latin alphabet with a quill pen and ink first, then
write down your own words on parchment.

Hangeul featured in this book is written in the
"Seokbo Sangjeol" style used in **Seokbo Sangjeol**
the first Buddhist text printed in Hangeul during the
Joseon Dynasty. The Latin alphabet is presented
in "Uncialis", the script that used in the **Codex**
Sinaiticus, the world's oldest complete manuscript
of the New Testament.

MoW Journey Book

The background of the entire page is a light orange color. It features several thin, wavy, horizontal lines in a slightly darker shade of orange. Scattered across the page are numerous small, solid orange circles of varying sizes, some of which are larger and more prominent than others.
